

Daisy Souza

Front-End Developer

PERSONAL PROFILE

I am a Front-End developer, I develop projects and studies in programming languages, with HTML, CSS, JS and, more recently, in PHP. Currently, I study to deepen my knowledge in Vue.JS and PHP, as well as develop skills in object-oriented languages, API creation, databases, MySQL and PostgreSQL.

I come from a long experience in Graphic Design/ Web design, marketing, communication, skills I acquired in companies and in projects developed as a freelancer.

I seek to develop my skills to be able to participate in projects that are significant in generating knowledge and well-being. I intend to support everyone who is interested in the technology area, mainly, other women.
